This is great! I haven't had any media calls lately, but it will be handy if that occurs. I'll keep you posted as well.

Thanks,

Hi, Shannon.

I just wanted you to have a copy of the letter that was sent to Sunnyside Gold today. Paula coordinated with Brent in drafting the letter.

I don't think there should be too much interest in this letter, but I've taken some talking points from the letter below and our previous communication strategy:

Please let me know if you have any questions or would like more information.

Thanks!
